Introducing - - Charlie Charlemo

Charlie Charlemo, the seventeenth member of the 1955 Charlemo staff, presents to the students of St. Charles High School a review of the year's classes and activities. In assuming his role as guide, Charlie will don the typical Roman costume, the toga.

We Pay Honor

To

Mrs. Blanche Schafer

Our Latin Teacher

We, the Charlemo Staff of 1955, take this opportunity to express our deepest appreciation to Mrs. Blanche Schafer for the guidance and encouragement she has given students during her years of service at St. Charles High School. Her hard work, splendid direction, and kindly spirit have helped us throughout our school years.

In addition to teaching English and Latin, Mrs. Schafer has, among her many activities, sponsored the Junior Classical League, the Sophomore Class, and has directed the production of "A Lucky Penny" by the Pirate Players.

With a pleasing disposition and a friendly smile for everyone, Mrs. Schafer has endeared herself to the entire student body.

BOARD OF EDUCATION

For outstanding service to the school and community, our Board of Education has earned the praise of the entire student body. Its careful planning has made possible the beautiful, modern addition to our present building. This addition, which will house a cafeteria, an auditorium, and junior high school classrooms, will be ready for occupancy next fall. To our School Board we are indebted for this—another of its outstanding accomplishments.

OFFICE STAFF

Efficiently and pleasantly, the staff carries out the office duties.

MR. STEPHEN BLACKHURST
Superintendent

Our Superintendent's Message

" 'You get out of a thing just what you put into it.' This time tested maxim applies with particular meaning to your high school days. Your forming of enduring friendships, your consistent application to your classroom tasks, your eager participation in purposeful school activities, your adherence to accepted standards of school citizenship, your loyalty to the school of which you are a part . . . all of these represent an investment which at the close of the school year should bring to you an unmeasured satisfaction. If you have thus achieved, you have reason to be confident of a future that holds promise of rich and meaningful fulfillment."

—MR. STEPHEN BLACKHURST

Our Principal's Tribute

"May I express my appreciation to each student and member of our school family for helping make this another successful school year. My best wishes go to the largest senior class to graduate from St. Charles High School. We have confidence that each of you will be a responsible citizen, contributing to a better home, school, and community. The years ahead serve as a challenge to each of us. May we meet this challenge with confidence and the will to work. In this great nation of ours we must believe and practice 'privilege requires responsibility'."

Classes

Charlie Charlemo first wishes to introduce to you the students of St. Charles High School

As he conducts us on our tour, you find that these students are engaged in many types of activities. For unlike the curriculum offered by schools of ancient Rome, which was based primarily on rhetoric and philosophy, that of St. Charles High School has been broadened to prepare graduates for varied careers

Abstract. We define a new class of functions called *quasi-convex*. The definition is based on the concept of convexity introduced by B. Grünbaum [1960]. We show that quasi-convex functions are closed under pointwise limits and that they form a lattice under pointwise ordering. We also prove that every continuous function can be approximated uniformly by a sequence of quasi-convex functions.

Classroom Activities

Mathematics is one of the basic courses in which a student should enroll. It may be useful in almost any occupation that you choose.

Boys taking Industrial Arts demonstrate their skills in original wood craft articles, some of which are displayed at the annual Open House.

The SCHS best citizens, chosen by the faculty from each of the four Senior High Classes, enjoy an interesting and educational trip to Jefferson City.

These Junior High students learn some basic responsibilities by working in Mrs. Rauch's office.

Mr. Novak aids Rita Bex termueller and many other students in careful planning of their schedules and future careers

Students of the Home Economics Department study the preparation of well balanced meals, care of the sick, child care, sewing, and good home management

Besides doing much actual driving, students in Drivers' Training study the mechanism and care of a car

The chemistry laboratory is a place of "bubbling" enthusiasm, for it is here that the students experiment with new and different chemicals as well as the basic ones

These students are the members of the debate team. They compete in various debates and speech contests with schools from the entire state

Sketching, oil painting, and making articles of silver, leather, and clay are only a few of the activities of these art students

Classroom Activities

Organizations

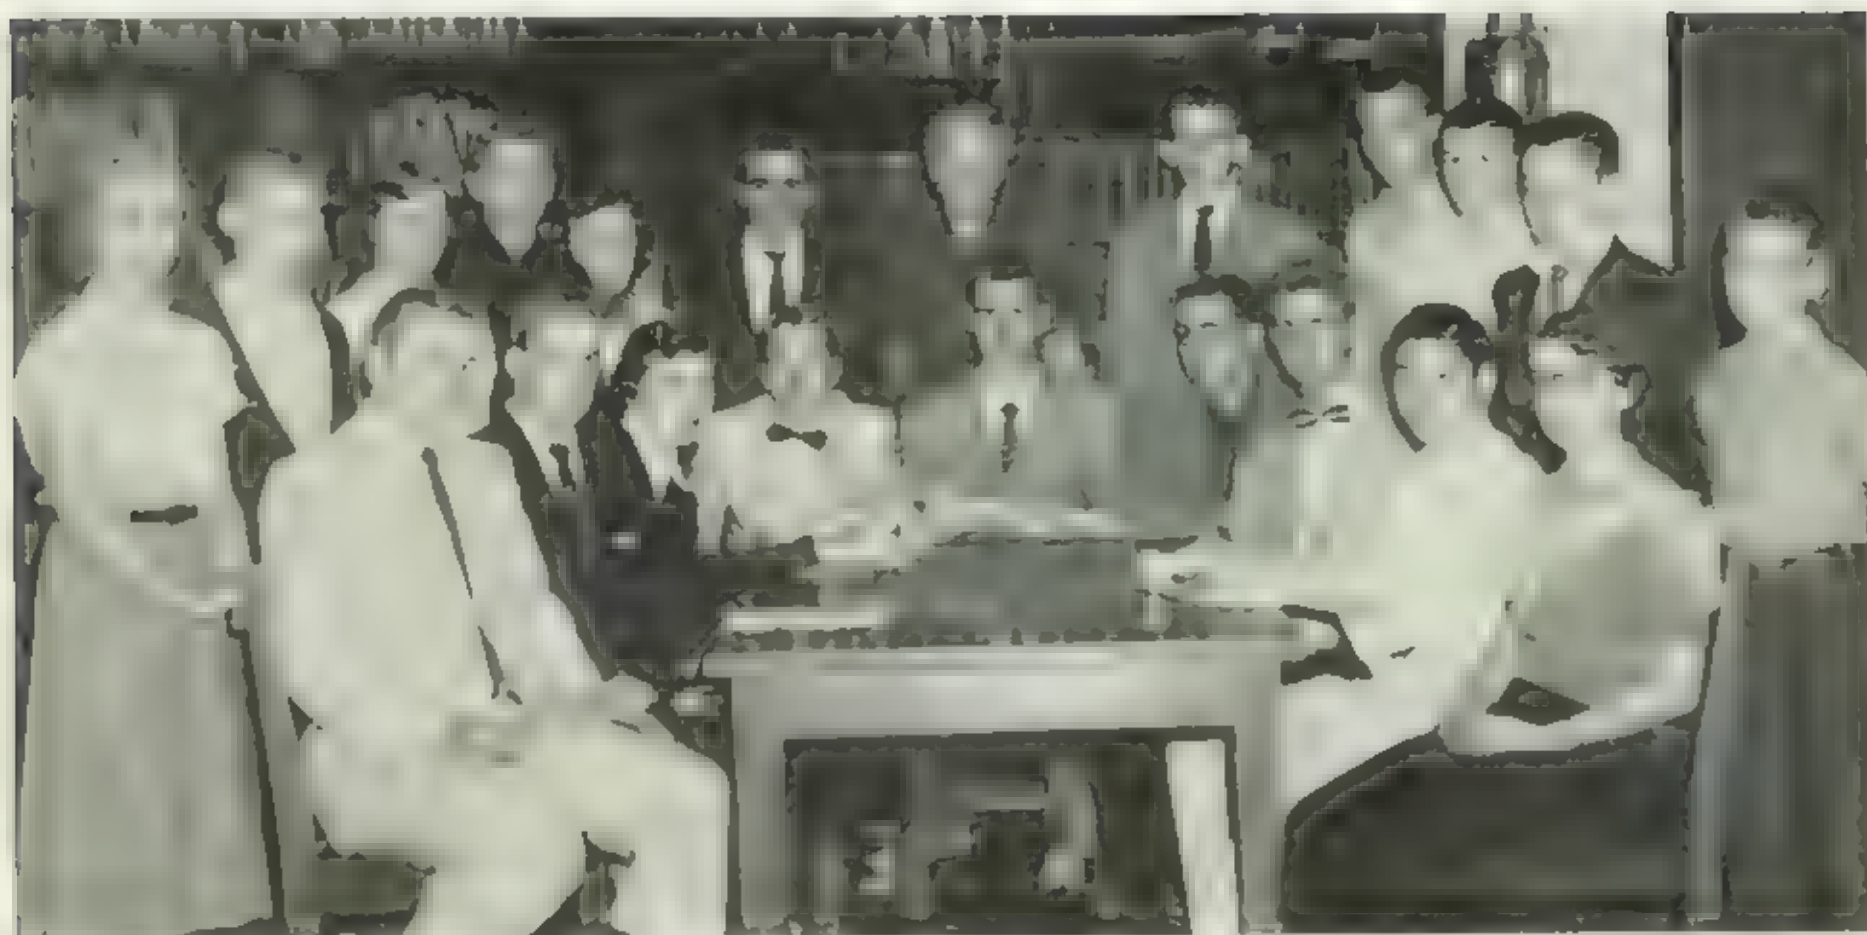

Charlie Charlemo now displays the traditional masks of comedy and tragedy symbolic of the dramatic interests of the Greeks and Romans. Schools of Rome were intent on basic education; however, today, school-life would not be complete without extra-curricular activities

The organizations and clubs presented in the following pages offer our students opportunities to develop their individual talents and skills, and in doing so, contribute to the cultural life of the school

We firmly feel that these organizations at SCHS help all participating students to enter the adult world with a more complete and varied knowledge of many subjects and a greater understanding of such abstractions as cooperation, loyalty, love for classmates, duty, and responsibility

Student Council

Standing: Pollock, S.; Hafer, J.; Fainter, M.; Bricker, B.; Price, K.; Miss Hackle (Sponsor); Kapfer, R.; Tamm, L.; Douglas, R.; Holt, D.; Denning, R.
Seated: Regot, T.; Bush, L.; (Secretary-Treasurer); Haake, T. (Vice-President); King, P. (President); Muhm, Y.; Armitage, I.; McCov, L.

The Student Council of S. C. H. S. consists of the president, vice-president and student council representatives of each class including the seventh and eighth grades of the junior high school. This organization holds membership in the National Association of Student Councils the Missouri Association of Student Councils and the Suburban County Associations of Student Councils.

The student council president or vice-presi-

dent presides at all school assemblies. Members of the council work with the faculty and students in planning all school functions which involve the entire student body. Among these functions were the Football Party, Homecoming activities, Sweetheart Dance, and May Fete festivities. To finance some of these projects the council has undertaken the purchase of a popcorn machine which is operated by members of the council, assisted by Mr. Raby, at all the football and basketball games.

Paul King, president, presiding at a school assembly.

Ann Creacy, our 1955 Basketball Sweetheart, escorted by Paul King.

The Pirate Parter float in Homecoming parade.

Barbara Yount, football queen, and her escort Gordon Prinster.

S. C. Club

The S. C. Club is made up of boys who have won a varsity athletic letter in a major interscholastic sport. The club sponsor, Coach Le Fort, has taught the value of cooperation, team work, and fair play in sports, home, and community. It is the constant effort of club members to uphold the good name of athletics and set a good example for their fellow men

F. F. A.

The St. Charles Chapter of Future Farmers of America is a large farm youth organization which strives for the development of leadership the building of a more permanent agriculture and the improvement of country life. These goals are reached through the participation of its members in judging contests, school assemblies, County Fair entries, and an educational tour

Football games, pep rallies, and the annual

"Band Day" at Columbia, were among the many activities of the Marching Band. Various half-time football shows were given, such as: Salute to Sousa, Hill Billy Hit Parade, Latin American Saga, and a special Homecoming Show. The Big Ten was also presented at Ladue High School in Ladue, Missouri.

MADRIGAL CLUB

The Madrigal Club is organized to give the students opportunity to study music of this style and period which cannot be learned in the choir or other chorus classes. Motets and other types of music are also studied.

A Cappella

This year proved a busy one for the A Cappella Choir. Its schedule started with an October concert for the "Charter Night" of the Lions' Club and continued until Commencement.

Assemblies were given in November for the junior and senior high schools and were followed by a Christmas concert. The choir also provided background music for the Christmas assembly.

The annual Christmas concert was given on the twelfth of December. The choir presented three programs during the second semester: an Easter concert in Christ's Church Cathedral in St. Louis, an all-religious concert, and an all-secular concert.

For the first time in years, the choir presented Easter music for the Good Friday Services of the town. Numerous appearances for civic and social clubs were made.

National Forensic

Pirate Patter

This purposeful organization received its national charter in 1941. Since then, it has been one of the most active and successful clubs in school.

Through interscholastic debates, speech contests, and service addresses, speech students earn N. F. L. points, which determine the rank of merit, honor, excellence or distinction. Belonging to such an organization and taking part in its activities are both enjoyable and rewarding.

Pirate Patter is the school paper which is issued monthly. The aim of the paper is two-fold; first, to build school morale by recognition of all student activities during the year; second to train students in some of the problems and phases of newspaper work.

The paper is published by the journalism class which is open to juniors and seniors.

Freshman Dramatics

The Freshman Dramatics Club was organized in 1926 to stimulate an interest in drama among the members of the Freshman Class. Their bi-weekly meetings provided an opportunity for display of individuality, group cooperation, and entertainment.

Two plays entitled "The Day After Forever" and "Bessie", an old-fashioned melodrama, were presented to an appreciative audience in February. The club sponsors, Miss Armitage and Miss McCarthy, directed these plays.

Pirate Players

One of the most active groups at St. Charles High School is the Pirate Players. Many top notch plays which have caught the interest of the school and the town have been presented by this club under the direction of Mr. B. E. Meisel.

Two shows were given this year. The first was *Filum*, the story of a smugless young bully who dies and is allowed to return to earth to do one good deed. Pictured in the

snaps below is the cast of the production. The second was *The Man Who Came to Dinner*. This is the story of what could happen when an average American family of a timorous, top personality suddenly came into its home and took control.

The Pirate Players have set up a system whereby anyone wishing to join may do so by working to gain enough points through acting, stage work, costuming and program work.

Future Homemakers of America

This year's theme for the club is, "A Stepping Stone To A Happy Home." The theme was carried out at the Sub-District Conference which was held in October with eleven different schools participating.

They contributed good will to the community at Thanksgiving by distributing baskets

of food to needy families. To provide wholesome individual and group recreation, the girls had a Christmas party. Finally, to improve homemaking skills, the girls are awarded degrees of achievement during their four years in high school. An ambitious member may receive her Junior, Chapter, State and National degrees.

Pirate Peppers

The Pirate Peppers, with a club membership of eighty-one girls, have as their primary aim the promotion of school spirit and good sportsmanship. They advertise the games by wearing uniforms on game days. They attend every home game and lend their support to the cheerleaders and team.

Homecoming was the first big event of the

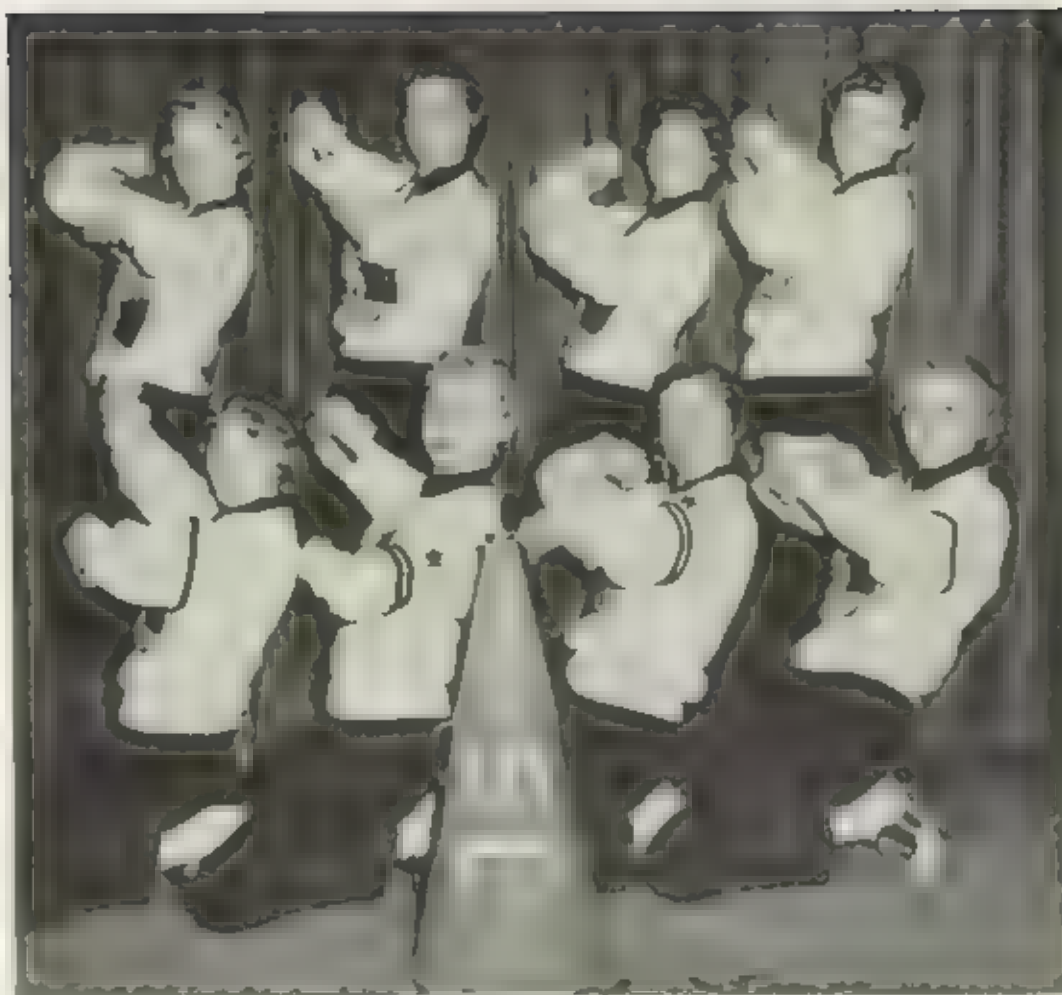

fall season in which the Peppers participated. The theme of their float was "Heaven Help Clayton." Among other activities, the Peppers presented their annual assembly just before Christmas with "A Christmas Fantasy or Do Not Open 'Til".

The Pepper "Romeo and Juliet" party in April climaxed the year's activities.

Cheerleaders

The eight girls who composed the 1954-1955 cheerleading squad were a friendly, spirited, and interested group. Their leadership in pep assemblies, homecoming festivities, and other athletic events, was a boost to the morale of the student body, as well as, to those who participated in interscholastic competition.

Their constant endeavor to establish friendly relations with students from opposing schools was a major factor in our winning of the Carl Burris Sportsmanship Award.

This club, consisting of twenty-one couples and the sponsor, Miss Regan, was again one of the most popular clubs at St. Charles High School this year. Therefore, membership for the club was limited to seniors

First, the group reviewed the fundamentals

of the two-step, the waltz, round dances, and square dances. Later, more complicated dances such as, the Grand Square, Dutch Treat and the Black-Hawk Waltz were learned. Again the club participated in the annual Hi-Lights program as well as other school assemblies

Athletics

Symbolic of the sports events in Roman days, Charlie Charlemo now assumes the role of a chariot driver. Progress in the field of athletics from the Roman era to the atomic age of today has been great. True, there are still a few who maintain that interscholastic competition is primarily for entertainment purposes with its emphasis on winning, such as chariot racing reflected in the Latin culture. However most progressive individuals believe that the primary purpose of an athletic program should aid in the development of the participants - - physically, mentally, and morally. Fair play, a quality rarely practiced in Roman sports, is one which St. Charles High School has long emphasized.

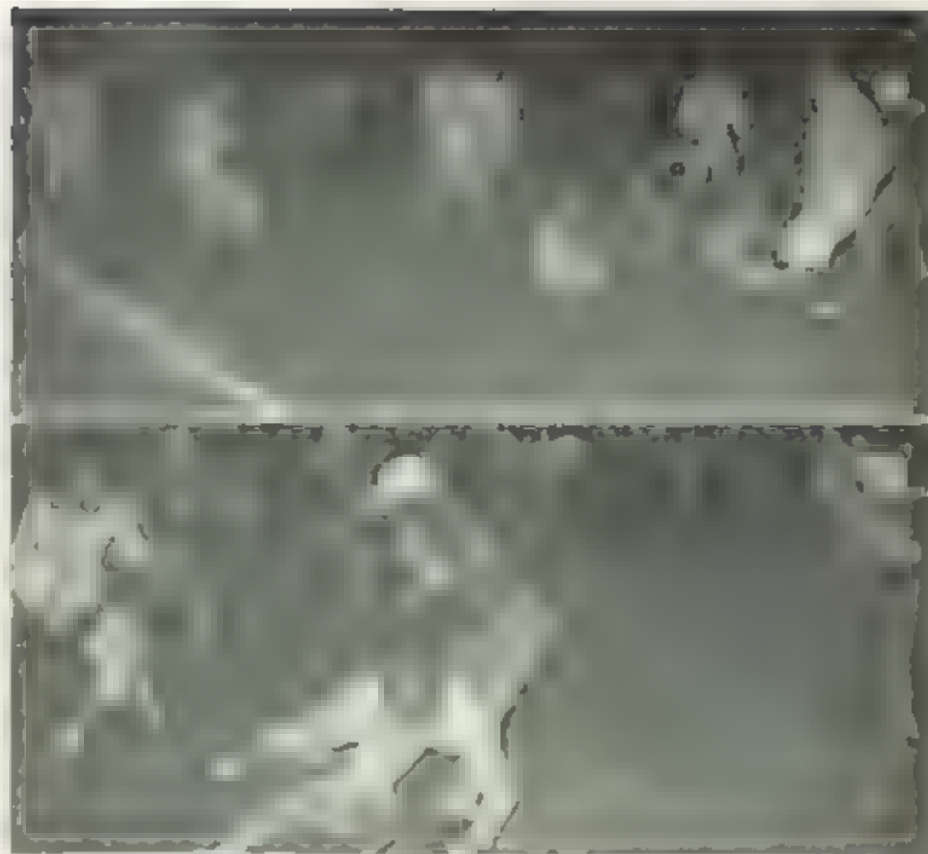

This year our student body received the Carl Burris award for good sportsmanship. This selection was made from schools participating in the Little Six Conference.

"A" Football

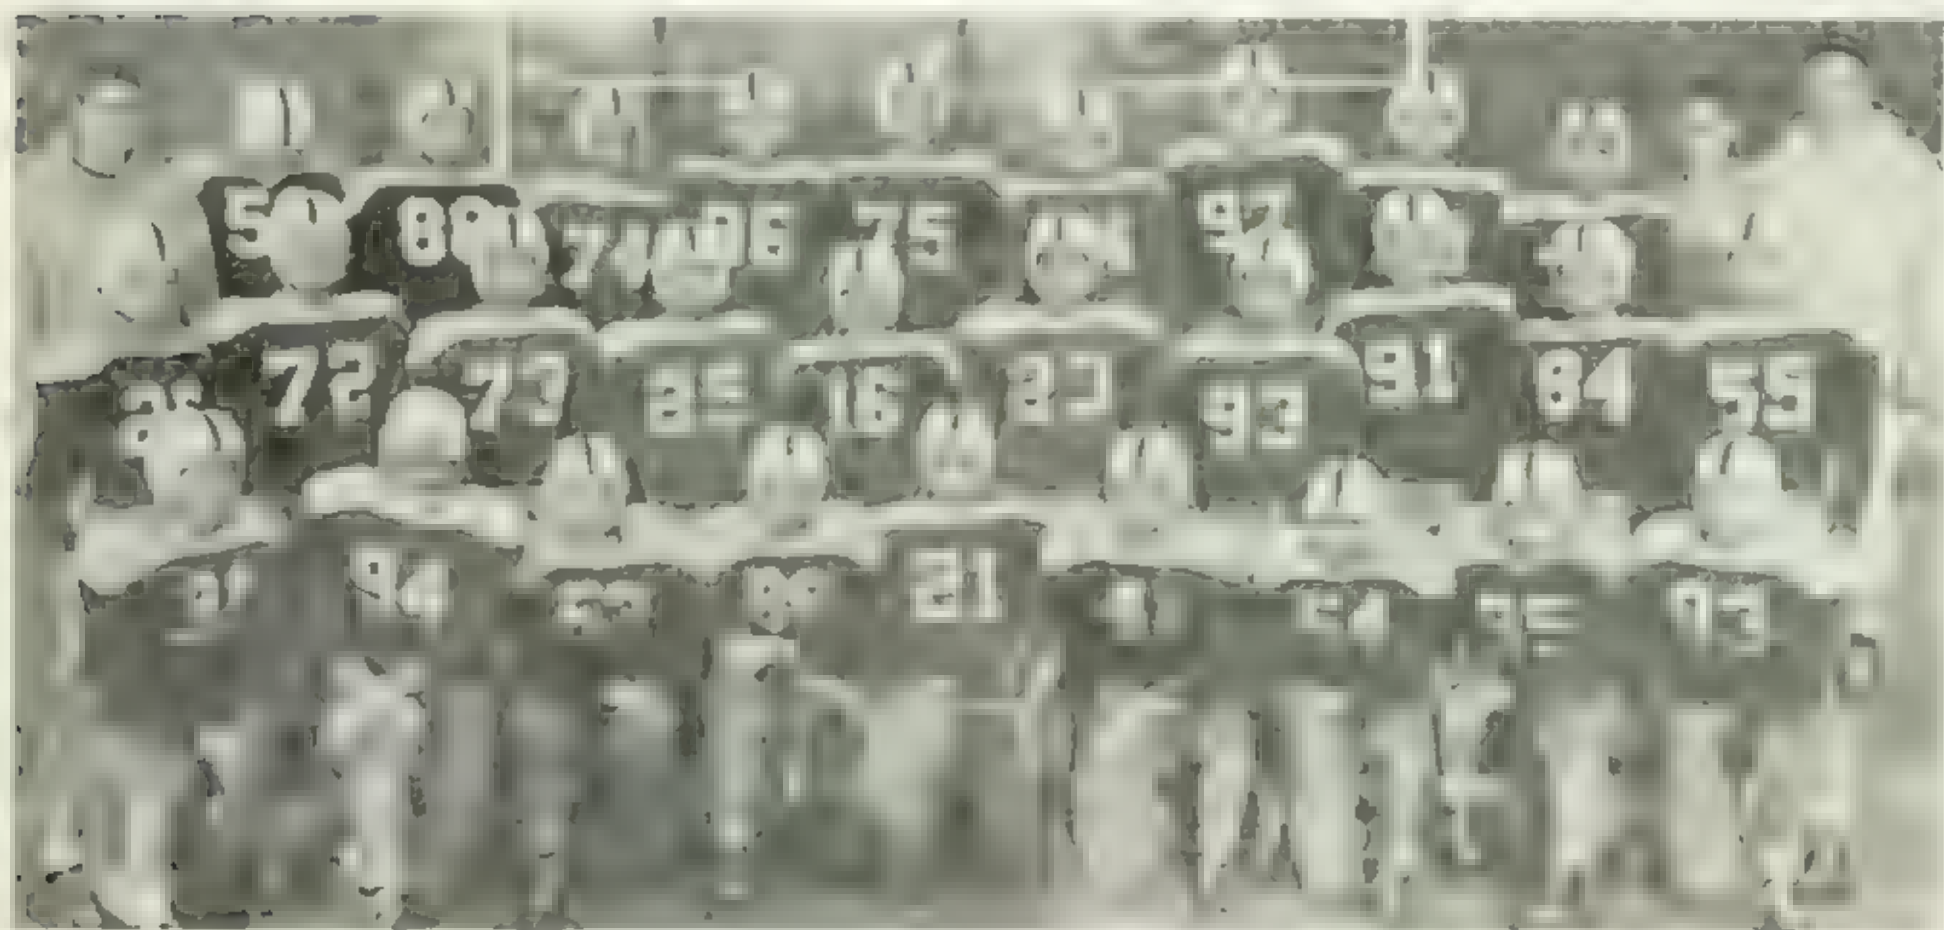

The first football practice was held on August 30, when thirty-eight boys answered the call. During the first few weeks, we had a scrimmage game with Ritenour and Western Military. The first game was with Bishop Du Bourg, and the Pirates came out on the long end of a 25 to 12 score. In this game we attempted to run more offensive plays, under a new system of timing. This system produced 150 offensive plays as compared with the national high school average of 116 per game. This experiment was a huge success and received some national publicity.

The team played hard football in the next seven encounters but could never put together a good sustained drive, at the right time, to knock off an opponent. The final game of the season was scheduled on November 12 against Webster. The game was hard fought and ended in a 6 to 0 tie. The play of each member of the squad in practice and games and

St. Charles vs. Clayton

continued spirit on the field made it possible for St. Charles to win the first Carl Barros Sportsmanship Award. Congratulations to a fine group of boys who have left a fine mark with the school.

"B" Football

This year the St. Charles High School "B" team played its usually hard schedule in preparing for their future years on the varsity. As in the past, the team proved a valuable building block for future teams. Although they did not win a great number of games, they put up a game defense and gave the other teams a fight worth while. Most of the boys were playing their first year of football but were molded into a fine, well-balanced team by Coach Short. This was accomplished through long hours of hard practice, in all kinds of weather, throughout the season. The spirit displayed by the boys themselves was a great factor in their functioning as a unit. As always, a good test for football teams is playing

under all types of weather conditions. The junior varsity proved its worth by its fine play against a strong Ferguson team on a field of mud and slush. At no time during this game did the boys let down or get discouraged but fought on, through the worst of playing conditions. Another test of their ability was their 12 to 0 defeat by a rugged Ladue eleven. The boys can certainly be proud of this game since they accomplished what few other teams could do in holding the score so close.

With the valuable experience gained on the "B" team and the fine sportsmanship displayed St. Charles can certainly look forward to fine football in the future.

"A" Basketball

The St. Charles Pirates opened their '54-'55 cage season by entering the annual Thanksgiving Tournament at Washington, Missouri. Taking into consideration that they had only a couple of weeks practice behind them, they played quite well in winning two out of three for the consolation championship.

Under the expert leadership of Coach Short, the boys were able to roll up a 5 and 7 record by early January. Although they played fine ball the rest of the season, their lack of height seemed to be their disadvantage against the stronger teams of the Suburban League. In the Suburban League, the boys were able to compile only a 2 and 9 record, but they actually played much better than their record indicates. The scrapping Pirates won the first league game they played by upsetting the Ferguson Comets. They won by outscrapping, outhustling, and outrebounding a team that was considered superior to them in ability. This was called, by some, the Pirate's best game. The team played several close games thereafter, including their thrilling 50 to 51 defeat by Normandy, but were not able to emerge with a victory until they pinned a 61 to 45 shellacking on Wellston.

Captain King

Coach Short

The Pirates traveled to Mexico, Missouri, for the regional tournament and, although they played one of their best all around games, lost in a close game to second-ranked Kirksville.

We are very proud to have had a fine group of boys such as this to represent us on the hardwood.

The junior varsity, composed of Sophomores and Freshmen, proved, by their fine play, that they are ready to take their places on the varsity in a couple of years. Although they didn't win a large number of games, they had their high points in the season. One was in the Clayton Tournament, where they made a very impressive showing.

Congratulations, to a fine group of boys and good luck in the future

Social Life

As Charlie reclines on a couch partaking of the banquet set before him, he wishes you to glance at the more modern activities which make up the social life of our students in St. Charles High

All of our really important social events are highlighted with the reigning of a queen, elected especially for the occasion. The Homecoming Parade, Game and Dance in October, the Football Party in November, the Sweetheart Dance in February, and the May Fete, are the major social functions of the year

We believe that these social functions are as basic to the needs of our student body as classroom activities. For in planning and attending these events, a student's ability to work and live with others is developed

She has played the lead roles in "A Lucky Penny", "Papa is All", "Arsenic and Old Lace", and "Liliom".

Her effervescent personality and naturalness are traits which have strengthened the many bonds of friendship between Phyllis and her fellow students.

Miss

Sue

Hart

and best wishes
from
the entire
school community

The 1954-55 Homecoming activities were begun on Thursday October 21, with the Bonfire and Pep Rally, which this year were held in the Stadium. Amid the rousing cheers and songs, Miss Sue Hart was crowned Queen to reign over our Homecoming festivities. The following afternoon the Queen and her attendants were introduced to the St. Charles public in the annual Homecoming Parade. That evening Sue was presented during the half of our Homecoming game with the Clayton Greyhounds, and later she reigned over the dance, which was held in the auditorium.

Sue, a popular Senior, is active in the Pirate Peppers, Band and Orchestra. She is also co-captain of the cheerleaders and secretary-treasurer of Levis' and Laces.

ATTENDANTS

Sharon Jacobs

The night of November 11 will long be remembered by Barbara Yount: for on that date the annual football dance was held. The dance centered around the crowning of Barbara as the Football Queen of 1954-55.

Preceding her to the throne was an attendant from each class and the retiring queen. With members of this year's football squad flanking the stage, Barbara with her escort, Gordon Prinster, made her appearance and received the crown from Diane Plackmeyer, the retiring queen. The first dance of the evening honored the queen and her attendants.

Barbara is well-liked and very active in all school activities. She is secretary-treasurer of the Senior Class, president of the Pirate Peppers, and a member of Levis and Laces.

May Queen

Miss Dorothy Moseley

On Friday evening, May 6th Miss Dorothy Moseley ascended to the throne of the May queen to be crowned by the retiring queen, Miss Carol Huster.

The lovely queen was chosen to reign over the annual May Fete festivities by members of the Senior Class.

Well known for her artistic ability Dorothy is the creator of our mascot

Charlie Charlemo. Her interest in art is further indicated by her membership in the Art and Photography Club and by her selection as the art editor on the Charlemo Staff.

Dorothy's quiet way and friendly personality have won for her the respect and admiration of both faculty and classmates.

Basketball Sweetheart

Miss Ruth Ann Creacy

February 15, 1955—what a pleasant date to record in our yearbook as a memorable evening for Ruth Ann Creacy. After a crushing defeat of Wellston in a basketball tilt, action for the evening shifted from the gymnasium to the auditorium, the scene of the Sweetheart Dance.

Amid appropriate "hearts and flowers" decorations, Charlene Nolle, the retiring sweetheart, introduced Ruth Ann; then Ruth Ann's escort, Paul King, presented a corsage to her.

Ruth Ann is secretary-treasurer of the Junior Class and also an active member of the Pirate Peppers.

Maintenance Staff

Our hats are off to the maintenance staff of SCHS. Throughout the school year they have kept the school building both neat and clean. Thus, they have made it a more comfortable and pleasant place in which to work and learn.

Despite carelessness of a few students who make their tasks more difficult, this staff remains patient and calm. Quietly, they continue to serve.

We were pleased to see Mr. Grover Usury return in March to his former position on the staff.

A Winning Team . . .

XF3H Demon on the U.S.S. Coral Sea

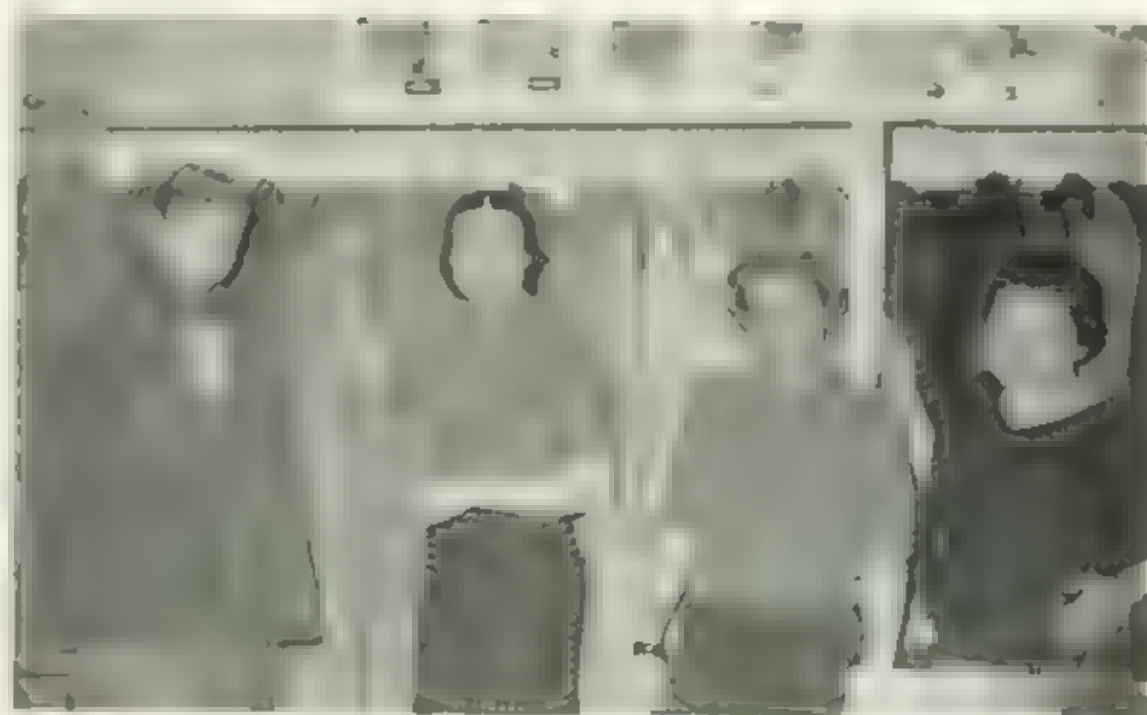

Fighting men and fighting machines—a powerful combination playing a vital role in the defense of the democratic way of life. With the versatile F3H Demon and the powerful F-101 Voodoo now in production, McDonnell Aircraft continues in its tradition of providing the military with the finest possible aerial weapons.

Many alumni of the St. Charles High School are now doing their part in the National Defense effort as members of the M A C Team. We salute the members of the Class of 1955 and welcome them to discuss with us the advantages of a future on our winning team.
